Pagrindinės savybės

- ✓ **WELL CONNECTED:** The twist-proof USB Type-C connector links DockingStation and notebook in your sleep and offers unbelievable versatility: data transfer, video output and power supply via a single connection
- ✓ **DESIGN AND PERFORMANCE:** Stylish appearance, latest technology. The compact aluminium enclosure allows convenient access to the most important expansion ports while at the same time providing good heat dissipation
- ✓ **EXPAND YOUR HORIZON:** Multitasking made easy: Keep details in better view with a combination of multiple monitors. Thanks to triple video connectivity, using multiple monitors has never been easier
- ✓ **POWER DELIVERY:** This charging technology via the Type-C port charges your connected and supported notebook with up to 100 watts, provided you connect your existing USB PD Type-C power supply to the DockingStation
- ✓ **TRAVEL COMPANION:** Thanks to its compact design, this small DockingStation fits in any pocket. The elegant aluminium makes it a robust device for on-the-go, with the right connection for your notebook always at hand

Aprašymas

Video diversity despite compact design

Three monitors at the same time with up to 2K@60 Hz, your eyes will be grateful! If you want a higher resolution, then connect a single 4K@60 Hz monitor or beamer. Neither is a problem, as long as your host computer's graphics card supports it.

USB Type-C® - charging port required as of 2024

What do you do if the only Type-C® port on the notebook is occupied by the DockingStation and there is no further port for the Type-C® PD notebook power supply? No problem, simply use the Type-C® Power Delivery interface of the DockingStation. Then you can charge again with up to 100 watts.

Multiple is simple

The simultaneous use of external USB storage media and memory cards in SD and microSD formats is mandatory here, so that your creativity and productivity are not impaired by unnecessary plugging and unplugging of storage devices. Just dock it!

Techninė specifikacija

Ports & interfaces	
Connectivity technology	Wired
Host interface	USB 3.2 Gen 1 (3.1 Gen 1) Type-C
USB 2.0 ports quantity	2
USB 3.2 Gen 1 (3.1 Gen 1) Type-A ports quantity	1
HDMI ports quantity	2
Microphone in	No
Headphone outputs	0
DisplayPorts quantity	1
Network	
Ethernet LAN	No
Performance	
Product colour	Black
Card reader integrated	Yes
Compatible memory cards	MicroSD (TransFlash)

Plug and Play	Yes
UASP support	Yes
Housing material	Aluminium, Plastic
Country of origin	China
Weight & dimensions	
Width	113 mm
Depth	46 mm
Height	16 mm
Weight	87 g
Packaging data	
Quantity per pack	1 pc(s)
Package width	25 mm
Package depth	100 mm
Package height	200 mm
Package weight	164 g
Packaging content	
Manual	Yes
Logistics data	
Products per master (outer) case	60 pc(s)
Master (outer) case width	280 mm
Master (outer) case length	450 mm
Master (outer) case height	345 mm
Master (outer) case gross weight	9.82 kg
Harmonized System (HS) code	84718000
