Aprašymas

Incorrect monitor placement can lead to poor posture, eye strain, as well as neck, back and shoulder discomfort. The SmartFit™ One-Touch Height Adjustable Single Monitor Arm supports more comfortable monitor placement. Thoughtfully designed to simplify proper ergonomic fit, it offers a fully-articulating design for maximum flexibility. A heavy duty build provides stability in every position while its gas spring monitor mount makes adjusting the height, depth and angle of your monitor effortless - from landscape to portrait mode. The built-in cable management system organises and conceals cables while the arm lifts your external monitor up and out of the way, decluttering and clearing valuable desk space.
