Aprašymas

A New Era of Samsung AI TV

Experience the difference of AI-powered Samsung OLED

NQ4 AI Gen2 Processor

Our most intelligent 4K processor

Think of the processor as the brain of the TV, and this is our most intelligent 4K processor. Using AI and 20 AI neural networks, it elevates content to near 4K quality. From streaming to gaming, it optimises both picture and sound, enhancing brightness, contrast, motion, sound and resolution - for a truly exceptional 4K experience.

OLED

Pure blacks and bright whites from individually controlled pixels

Experience the magic of cinematic viewing, in your living room. Rather than using a backlight, OLED technology allows each pixel to be individually controlled - creating pure blacks, bright whites and epic contrast. Combined with Pantone validated colour accuracy, everything you watch comes to life in stunning realism.

Contour Design**A flowing and elegant design that blends into your home**

Capturing the fluid beauty of a wave, our carefully crafted ultra-slim TV is designed to impress from every angle. Elevate your space with a sleek and sophisticated visual experience.

Smart TV powered by Tizen**Your favourite apps on the best-selling Samsung Smart TV**
