Aprašymas

Cantilever Rack Shelf | EIA/ECA-310 Compliant | Lifetime Warranty

Ensure your equipment is secure

The durable rack mount tray can hold up to 20 kg (44 lbs.) of equipment and is constructed using SPCC commercial-grade cold-rolled steel.

Make the most of your available space

The 1U cantilever shelf lets you optimize your working space by giving you the ability to mount equipment to your 19-inch rack instead of taking up desk or floor space. It's perfect for your SOHO (small office, home office) environment, server room, data center or any other location with limited space available.

Customize your setup

You can install the 1U network cabinet shelf in your rack at any height, giving you a stable surface for placing equipment that's un-mountable such as a computer, or for storing your tools.
