Pagrindinės savybės

- ✓ Internal
- ✓ Host interface: M.2
- ✓ Output interface: M.2
- ✓ Black, Blue, Green

Aprašymas

M.2 is a solid-state drive (SSD) form factor primarily used as an operating system boot solution. Lenovo ThinkSystem servers support M.2 drives with the addition of a supported M.2 adapter.

The M.2 drives install into an M.2 adapter which in turn is installed in a dedicated slot on the system board of the ThinkSystem server. With two M.2 drives configured, the drives are configured by default as a RAID-1 mirrored pair for redundancy.

There are two M.2 adapters supported:

- Single M.2 Adapter, which supports one M.2 drive; available as the ThinkSystem M.2 Enablement Kit
- Dual M.2 Adapter, which supports one or two M.2 drives; available as the ThinkSystem M.2 with Mirroring Enablement Kit

Techninė specifikacija

Ports & interfaces

Host interface	M.2
Output interface	M.2

Design

Internal	Yes
----------	-----

Product colour	Black, Blue, Green
Easy to install	Yes
Features	
RAID levels	0, 1, JBOD
Plug and Play	Yes
Weight & dimensions	
Weight	18 g
Logistics data	
Harmonized System (HS) code	84733020
Matmenys ir svoris	
Svoris	0,15kg
