Aprašymas

Adjustable Cable Ties | 2 Year Warranty

This 50 ft. roll of hook and loop roll tape makes it easy to keep your cables neat and tidy by binding them together or binding them to a structure.

Hassle-free cable management

This roll of hook and loop fastener straps offers a quick and easy solution for bundling cables together and securing your cables for better routing. Help protect your equipment by reducing cable tension and preventing excessive heat caused by unorganized cables restricting airflow.

Customize the length of your cable tie

You can cut the roll of hook and loop fastener fabric to size using household scissors, meaning you can choose the perfect length for your specific application.

Versatile fastening solution

While the most common use for this hook-and-loop fabric is binding and routing cables, you can also use it for other materials in your IT environment such as tools or raceways. The reusable tie wraps are easy to remove and adjustable, avoiding the hassle and waste of traditional zip ties.
