Aprašymas

Charge three USB-C® devices and a USB™ Type-A device simultaneously with the 130W 4-Port PD USB-C® Super Charger. The charger uses GaN technology allowing the charger to provide a lot of power in a compact size. The USB-C® ports are equipped with Power Delivery 3.0/2.0 technology allowing you to charge your phones, tablets, or laptops at the fastest speeds possible. The charger also comes with surge, overcharging, overcurrent, and overheating protection for keeping your devices safe. Its superior charging capabilities, wide compatibility, and small design make it great for replacing the original charger that comes with a variety of mobile devices.
