## Pagrindinės savybės

- ✓ CMND and Control: effortless maintenance of your TVs
- ✓ MyChoice compatible. Built-in pay-to-view solution
- ✓ Be seen. Brand the TV's UI with your logo
- ✓ Instant initial USB cloning. Rapidly configure Pro TVs
- ✓ Mixed channel map to combine analogue and digital channels
- ✓ USB auto playback. Music, movies, and more
- ✓ Multilingual customer support
- ✓ Low power consumption

## Aprašymas

### Powered by CMND

Show more with a budget-friendly standalone professional TV. The intuitive CMND solution makes it simple to deploy and manage connected displays. Benefit from simple, fast installation and an on-screen welcome page that's easy to program.

### CMND&Control

CMND and Control allows for remote configuration and installation of your TVs from a central location, without the need to visit any rooms. Update and manage all your displays, with minimal effort, all without having to disturb your guests.

## Built-in pay-to-view solution

Offer pay-to-view content in any situation from a complete pay-to-access-all-channels model to selected premium content. MyChoice is an integrated solution that allows viewers to access pay-per-view channels via a code or a card.

## UI branding

Your Philips Professional TV offers a clear, easy-to-navigate user interface (UI), which you can customize with your own branding. Easily add your logo or custom background to the menu to increase the visibility of your brand.

### Instant initial USB cloning.

Provides the ability to easily copy all programming and channel programming settings from one TV into other TV sets in less than a minute. The feature ensures uniformity between TV sets and significantly reduces installation time and costs.

## Mixed channel map

One integrated channel list for digital and analogue channels. This allows the guest to flick seamlessly between Analogue and Digital channels.

### USB auto playback.

Share the fun. Connect your USB memorystick, digital camera, mp3 player or other multimedia device to the USB port on your TV to enjoy photos, videos and music with the easy to use onscreen content browser.

## Techninė specifikacija

| Display                      |                      |
|------------------------------|----------------------|
| Display diagonal             | 81.3 cm (32")        |
| HD type                      | HD                   |
| Display resolution           | 1366 x 768 pixels    |
| Display technology           | LED                  |
| Screen shape                 | Flat                 |
| Native aspect ratio          | 16:9                 |
| Display brightness           | 250 cd/m²            |
| LED backlighting type        | Direct-LED           |
| Native refresh rate          | 50 Hz                |
| Viewing angle, horizontal    | 178°                 |
| Viewing angle, vertical      | 178°                 |
| Display diagonal (metric)    | 80 cm                |
| TV tuner                     |                      |
| Tuner type                   | Analog & digital     |
| Analog signal format system  | NTSC, PAL, SECAM     |
| Digital signal format system | DVB-C, DVB-T, DVB-T2 |

**Smart TV**
