## Pagrindinės savybės

- ✓ Wireless, efficient and safer than ever with the new Qi2 charger for fast charging: sleek inductive car charger with Qi2 wireless charging featuring precise, magnetic alignment - simply place any compatible smartphone on the charger and charge it wirelessly in the car
- ✓ The smartphone can be affixed horizontally and vertically in the magnetic mobile phone holder, making it ideal for use when navigating
- ✓ No other attachments to car holder required. The smartphone is secured to the magnetic ring
- ✓ Wireless fast charge: fast charger with charging speeds of up to 15 W
- ✓ Charging begins automatically after the smartphone is docked
- ✓ To end the charging process, simply remove the smartphone from the wireless charging pad
- ✓ Safe and intelligent charging: Overcharge, overvoltage and short circuit protection as well as foreign body recognition for maximum safety for smartphones, batteries and chargers
- ✓ Power supply via recessed USB-C socket so that the plug does not protrude annoyingly

## Aprašymas

Charge your mobile phone wirelessly in the car? On the way to work or on a long journey, the mix of Qi2 charger and holder is ideal for calls and navigation. Charge the mobile phone magnetically at high speed. Goodbye cable chaos, hello wireless charging!

## Safely stowed in the car

The combination of wireless charging and magnetic mobile phone holder makes access to the smartphone easier. The device is securely attached without tedious tangled cables

## Tiltable and 360° rotatable

The ball joint allows the angle of inclination of the smartphone holder to be adjusted individually. The mobile phone can also be rotated 360° on the holder and positioned in portrait or landscape format

## Magnetic induction charger

The integrated magnetic ring means that compatible devices can be easily docked onto the charger and perfectly positioned for efficient charging - without any fiddly manual alignment

## Compatible with Apple MagSafe and magnetic Hama mobile phone cases

Universal Qi2 standard: the induction charger works with all original Apple MagSafe products and Hama mobile phone cases with a magnetic ring, as well as with all Qi2-compatible devices

### Sophisticated aluminium housing

High-quality and robust metal housing with rounded aluminium edges for an elegant look

### Wireless charging with Qi2

Wirelessly charge smartphones and other compatible devices with Qi2 technology

### Wireless fast-charge technology

Wireless fast charge technology guarantees extremely fast charging

## Can be used with smartphone case

Smartphones in magnetic wireless charging-compatible cases do not have to be removed and can be charged wirelessly right away

### Automatic device recognition

Connected devices are automatically detected and optimally charged

### Max. charging speed

Charging process optimized for the device which guarantees maximum charging speed

### Saves the battery during the charging process

Optimized charging process saves the battery thus extending its service life

## Stylish look and feel

Qi2 charger in an attractive design looks good, feels good and fits perfectly into any cockpit in a discreet black anthracite colour
