The illumination multi-surface brush features advanced celeste LED lights for clear, non-dazzling visibility. It illuminates hidden dust and debris on hard floors, ensuring fewer missed spots and improving cleaning accuracy and efficiency for nooks and corners.

Consistent Cleaning Power

Enjoy up to 90 minutes of cordless cleaning with powerful, fade-free suction in Auto Mode, powered by an 8 x 2,900mAh lithium-ion battery pack. The power source ensures consistent performance, enhancing cleaning efficiency on a single charge.

Uninterrupted Cleaning with Swappable Battery Pack

The swappable battery ensures uninterrupted cleaning and convenient recharging, keeping you ready for the next task. By swapping the battery pack, you can effectively double your cleaning time, ensuring efficiency and getting ready for cleaning tasks.

Wall Mount for Convenient Charging

A wall-mounted charging stand keeps your vacuum stored vertically, saving space and allowing for convenient charging at any time, reducing the need to search for an outlet.

Lightweight and Easy to Operate

Weighing only 1.76kg, the vacuum is effortlessly lifted and maneuvered with one hand, making cleaning more convenient and reducing effort. Its lightweight design enhances mobility and promotes energy savings during use.

Electronic Lock for Non-Stop Cleaning

Designed with an electronic lock, it reduces the need to continuously press the trigger, lessening finger strain for providing a more comfortable, continuous usage experience.

Large Dust Capacity, One Press to Dump

Emptying the dust cup is effortlessly achieved with a single press, enabling you to dispose of dirt in seconds. With a 0.6L* capacity, the large dust storage volume facilitates sustained cleaning and reduces interruptions in cleaning tasks due to the need for frequent dumping.

Washable Components, Easy Maintenance

Roller brush and filter are designed to be detachable and washable, ensuring seamless maintenance. The filter can be effortlessly removed and installed for convenient upkeep.

99.9% High Efficiency Filtration

A multi-layer filtration system efficiently traps fine dust and particles down to 0.3µm*, preventing their release into the air with a filtration efficiency of up to 99.9%.

Detect, Clean, No Dirty Spot Left

S5 Sense detects dirt and automatically adjusts suction to offer the appropriate cleaning. Intelligent micro-dust sensing identifies dust particles that are hard to see with the naked eye.

LED Screen for Visualized Cleaning Status

LED screen displays battery level and mode status, allowing easy switching between Auto and Turbo modes with a single button press. The mode can also be locked with one touch without the need to hold the trigger.

Flexible Adapter

Allows you to clean hidden debris under your low-profile couch with less bending.

Combination Tool

Enjoy enhanced cleaning versatility with the combination tool.

Wide Combination Tool

Cleans delicate surfaces like desktops, windows, and doors effectively.

Motorized Mini-Brush

Sweeps up fur and dust with rotating stripes and efficiently removes dander from upholstery.

- OptiInsight Multi-Surface Brush
