Aprašymas

The **Hikvision DS-K1108AEK Pro 1108A Series Card Reader** is a state-of-the-art access control solution designed to enhance security in various environments. This model supports multiple communication protocols, including **RS-485**, **Wiegand (W26, W34)**, and **OSDP**, ensuring compatibility with a wide range of systems. With the ability to read both **EM cards** at a frequency of **125 KHz** and **M1 cards** at **13.56 MHz**, this card reader provides versatile access options for users. Additionally, it supports advanced card types such as **Desfire** and **Felica**, making it suitable for various applications.

One of the standout features of the **Hikvision DS-K1108AEK** is its **tamper-proof function**, which adds an extra layer of security by alerting users to any unauthorized attempts to access the device. The built-in **buzzer** provides immediate status indications, enhancing user experience and operational efficiency. This card reader is part of the **1108A Series**, known for its reliability and advanced technology, making it an ideal choice for businesses looking to strengthen their security infrastructure.
