Aprašymas

The **Hikvision DS-K7M102-M M1 Card** is a state-of-the-art **Mifare 1 Contactless Smart Card**, operating at a frequency of **13.56 MHz**. This card is designed for seamless integration into various access control systems, providing a reliable and efficient solution for secure identification and authentication. Crafted from high-quality **PVC** and **AB glue**, it ensures durability and longevity, making it suitable for everyday use in both commercial and residential environments.

With dimensions of **26 mm × 50 mm × 4 mm** (1.02" × 1.97" × 0.16"), the **Hikvision DS-K7M102-M** is compact and lightweight, allowing for easy handling and storage. This card is part of Hikvision's commitment to providing advanced security solutions, ensuring that users benefit from cutting-edge technology and superior performance. The **M1 Card** is an essential component for enhancing security measures, offering a significant advantage over traditional access methods.
