Aprašymas

The **Hikvision DS-KH6320-TE1** is a cutting-edge **IP-Based Indoor Station** from the renowned **Hikvision** brand, designed to enhance your security and communication experience. This model, part of the **KH6 Series**, features a vibrant **7-inch touch-screen** that provides intuitive navigation and control. With its versatile power options, including **Standard PoE** and **Power over 2-wire**, this indoor station ensures seamless installation and operation in various environments.

Equipped with advanced functionalities, the **DS-KH6320-TE1** supports up to **8-channel alarm inputs** and features **2 relay outputs** and **1 RS485** interface, making it a robust choice for comprehensive security systems. Users can easily unlock doors remotely via the dedicated client or mobile app, while also enjoying the ability to view live video feeds from door stations and connected cameras. Additionally, the device supports a **WiFi network** option for enhanced connectivity, particularly in the **W version**.

With a maximum **TF card support** of **32GB**, the **Hikvision DS-KH6320-TE1** ensures ample storage for recordings and notifications, making it an essential component for modern security setups. Its superior technology and user-friendly interface set it apart from competitors, providing an unparalleled indoor monitoring experience.
