Aprašymas

ADVANCED SECURITY WITH AI DETECTION CAPABILITIES

The Ubiquiti Doorbell Lite is equipped with cutting-edge AI detection technology that recognizes people, vehicles, and animals, enhancing your home security. With a high-resolution 5MP lens, this compact video doorbell captures crystal-clear images, ensuring you never miss a visitor. The built-in IR night vision allows for visibility up to 16 feet in low-light conditions, making it an ideal choice for any time of day. Its wide field of view of 175.9 degrees ensures comprehensive coverage of your entryway, providing peace of mind and a sense of safety.

TWO-WAY AUDIO AND VERSATILE MOUNTING OPTIONS

This doorbell features two-way audio, allowing for seamless communication with visitors from anywhere via the UniFi Protect application. Whether you're at home or away, you can easily interact with guests or delivery personnel. The Doorbell Lite offers versatile mounting options, including a standard wall mount and a 20-degree wedge mount for optimal positioning. This flexibility ensures that the doorbell can be installed in various locations, adapting to your specific needs while maintaining a sleek and modern aesthetic.

DURABLE DESIGN FOR ALL WEATHER CONDITIONS

Designed to withstand the elements, the Ubiquiti Doorbell Lite is weatherproof with an IPX5 rating, making it suitable for outdoor exposure. Its robust construction, featuring polycarbonate and metal materials, ensures durability and longevity. With an operating temperature range from -30 to 50°C (-22 to 122°F) and humidity tolerance of 20 to 90%, this doorbell is built to perform reliably in diverse environmental conditions. The device's low power consumption of 8W and PoE power method further enhance its efficiency, making it a smart choice for modern homes.
