Aprašymas

A-mount lens adapter for E-mount cameras

A compact lens adapter with an elegant, cylindrical form factor that lets A-mount lens users take advantage of the outstanding AF performance provided by the latest E-mount camera bodies.

E-mount focal plane phase-detection AF for A-mount SSM and SAM lenses

This advanced adapter allows A-mount SSM (Super Sonic wave Motor) and SAM (Smooth Autofocus Motor) lenses to be used with the latest E-mount camera bodies, with full support for wide-area focal plane phase-detection AF2, including subject-recognition features such as Real-time Eye AF (human & animal), Real-time Tracking, and more. Refer to “Compatibility” below for information on compatible bodies and lenses.

AF/AE tracking3 at up to 11 fps4 for SSM and SAM lenses

Used with the latest E-mount camera bodies, this advanced adapter makes A-mount SSM and SAM lenses compatible with the AF/AE tracking3 capability of E-mount bodies, even while shooting continuously at up to 11 fps4. Refer to “Compatibility” below for information on compatible bodies and lenses.

Accurate AF and AF/AE tracking3 for SSM, SAM, and motor-less lenses2

The LA-EA5 supports all A-mount lenses5, including models such as the Sonnar T* 135mm F1.8 ZA and Planar T* 85mm F1.4 ZA that do not have internal motors. Full support is provided for focal plane phase-detection AF, Real-time Eye AF (human & animal), Real-time Tracking, and continuous AF/AE tracking3 at up to 11 frames per second4. Refer to “Compatibility” below for information on compatible bodies and lenses.

Compact cylindrical design and comfortable operation

A newly developed compact AF drive unit and aperture drive unit are packaged in a sleek, high-performance cylindrical mount adapter. The adapter matches the diameter of the A-mount so that nothing protrudes from the bottom of the mount when used on a compact E-mount body, ensuring comfortable hold and operation even when the camera is mounted on a vertical grip.

Techninė specifikacija

Features	
Lens adapter mount interface	Sony A
Product colour	Black
Weight & dimensions	
Weight	88 g
Width	66 mm
Depth	66 mm
Height	31.7 mm
Matmenys ir svoris	
Svoris	0,16kg
