Pagrindinės savybės

- ✓ Air purifier with a smart extra feature: for the removal via app and voice control of pollen, viruses, bacteria, fine dust, etc. from indoor air, creating a healthy room climate and promoting well-being
- ✓ Suitable for room sizes up to 65 m² with a CADR air purifying capacity of approx. 250 m³/h
- ✓ Pre-filter for removing e.g. house dust and pet hair from room air
- ✓ Hepa filter for removing viruses, bacteria, fine dust and pollen
- ✓ Activated charcoal filter also removes odours and gas emissions
- ✓ Once normal air quality has been reached, the sensor reduces the speed of the fan
- ✓ The fan speed can also be adjusted manually
- ✓ For sleep mode, simply select the lowest fan setting and switch off the backlit display: the room air is then purified almost silently for uninterrupted, pleasant sleep with no light sources to disrupt your slumbers
- ✓ Timer function for 2, 4, and 8 hours
- ✓ Filter change indicator on the display

Aprašymas

Powerful triple filter: multiple filtering for hygienic room air thanks to pre, Hepa (H13) and activated charcoal filters

Healthy air: the air sensor analyses the room air and automatically adjusts the fan speed to eliminate particles

Our air purifier works without any gateway (hub): you don't need an additional device, and you save on extra costs since the air purifier establishes a direct WiFi connection to the router

Be it on the sofa or the train: with the Hama Smart Home app, control your air purifier from anywhere and have control over your room air at all times

Whether it be Amazon Alexa or Google Assistant: conveniently operate the air purifier via voice command or combine other smart devices with it via the app, e.g. the heating control

Techninė specifikacija

Features	
Air purify rate	250 m³/h
Suitable for room area up to	65 m²
Timer	Yes
Timer duration (minimum)	2 h
Timer duration (maximum)	8 h
