Aprašymas

Watch your DVDs in near-HD picture quality and record directly to USB.

Stylish DVD Player with picture enhancing technology, HDMI® and USB connectivity.

- View your DVDs in near HD picture quality
- Playback multi-format DVDs & USB-stored content
- Connect to your TV via one simple HDMI® cable

A new look at your favourite films

The perfect choice for those with a great DVD collection or movies stored on PC or memory stick. This player cleverly upscales Standard Definition movie content for a more immersive viewing experience. The result is smoother picture and near HD quality.

Get closer to High Definition

See old favourites in a new light, or modern blockbusters clearer, sharper and with more passion. Upscale Standard Definition DVDs closer to 1080p Full High Definition for an intense experience that really sucks you into the action.

Free your digital movies and music

Dive into your movie and music libraries and enjoy old favourites on the big screen and surround sound with a USB connection. Plug in your laptop or transfer to a memory stick for fast access to your film library.

Create a tidier, neater environment

Cut down on wires and enjoy high quality picture and sound through just one cable with HDMI® connectivity. The player's compact size and clean lines also makes the most of limited space.

Techninė specifikacija
