Pagrindinės savybės

- ✓ Premium value
- ✓ Comfortable for long sessions
- ✓ For work and gaming
- ✓ Adjust to your personal fit

Aprašymas

Sandberg ErgoFusion Gaming Chair Basic combines simplicity, high quality, and comfort. The ergonomic backrest in breathable mesh ensures an optimal sitting position for many hours of office work or gaming. You can adjust the lower part of the backrest for optimal lumbar support. The padded armrests are comfortable to rest your arms on and can be flipped up completely so the chair can be easily parked close to the desk when not in use. If you prefer a more reclined sitting position, the backrest can be easily tilted backward with a springlike function. The comfortable headrest can also be adjusted to your liking, both in height and angle. With the deep and balanced seat, you are guaranteed optimal sitting comfort. The chair is constructed from durable quality materials that are just made to last, which is emphasized by a full 5-year warranty.
