Aprašymas

Etenwolf V3 Car Air Compressor, 11.03 bar, 7800 mAh

The ETENWOLF V3 car air compressor is a practical solution that allows you to quickly inflate tires and other inflatable accessories. The device generates a maximum pressure of up to 160 PSI (11.03 bar), and its flow rate of 22 l/min ensures efficient inflation in a variety of situations. The built-in 7800 mAh battery ensures cordless operation, allowing you to conveniently use the compressor both in the garage and while traveling.

Efficient Operation and High Power

With an output power of 132 W, the ETENWOLF V3 compressor offers effective pumping while maintaining a compact size. Its maximum pressure of 160 PSI makes it ideal for any situation requiring precise pressure control. The 7800 mAh battery allows you to use the compressor without having to connect it to a power source while in use, which increases convenience when working in the field.

Ready for use in various conditions

The ETENWOLF V3 is designed to operate in a wide temperature range from -20°C to 74°C. This means it can be used both during winter frosts and in the summer heat. It's a practical piece of car equipment that ensures you always have a portable source of compressed air on hand whenever you need it.

Manufacturer	ETENWOLF
Model	V3
Flow Rate	22 l/min
Battery Capacity	7800 mAh

Maximum Pressure	160 PSI (11.03 bar)
Output power	132 W
Input power	10 W
Operating temperature	-20°C to 74°C
