Pagrindinės savybės

- ✓ Full modular, mechanical keys - Hot-swappable switches. Easily remove and install any MX-based switch without any soldering. Personalize to what works for you, and use any combinations of switches!
- ✓ LED Backlighting - RGB LED lights with 18 pre-installed effects and 1 slot for user-defined effect. Variable animation speeds and brightness settings
- ✓ Easy Access Hot-Keys - Directly access shortcuts to productivity, internet and multimedia functions
- ✓ Sandblasted Aluminum Faceplate - Professional-grade aluminum delivers a premium look and feel
- ✓ Raised Keys, Minimalist design - No visible branding on keyboard to make your battlestation look clean as possible. Raised key design allows you to easily clean your keyboard

Aprašymas

GLORIOUS MODULAR MECHANICAL GAMING KEYBOARD
TKL PRE-BUILT WITH GATERON BROWN SWITCHES & BLACK KEYCAPS

Trying out different switches, replacing old ones, and matching several types of mechanical keyboard switches used to be difficult and required advanced technical skill. The patent pending Glorious Modular Mechanical Keyboard (GMMK) is the world's first mechanical keyboard featuring hot-swappable switches for Cherry, Gateron, and Kailh branded switches.

Ever wonder what Gateron Blues felt like? Or what is the craze behind the Cherry MX clears? Want to use Gateron Reds for your WASD, but Gateron Blacks for all your other keys? With the GMMK, you no longer have to purchase an entire new keyboard, or disassemble and solder your switches - you can simply pop out the switch just like a keycap, and mix/match to test out and use any combination of switches you desire.

Armed with a glorious sandblasted aluminum face plate, 100% anti-ghosting (full NRKO), LED back lighting (several modes), modular switches, double shot injection keycaps, and minimalist design - The GMMK is revolutionizing the mechanical keyboard market, giving users full control without needing any technical experience.

Macros & Hotkeys

Create and assign macros to any key with our GMMK software. Secondary icons printed on only pre-built keyboards.

Functional Form

Rubber feet and pads to prevent your keyboard from sliding. Keycap puller holder included.

Discreet LED indicators

Soft Nums/Caps/Scroll lock lighting that is easy on the eyes.

Attention to detail

High quality gold-plated and removable Micro-USB cable.

Sandblasted Aluminum Faceplate

Professional-grade aluminum delivers a premium look and feel.

Artisan ESC keys

Comes with an alternative ESC key if you prefer a uniform look.

What's in the box?

USB Cables, Glorious sticker, keycap & switch puller artisan & default ESC keys.

Custom keycaps

Compatible with most custom keycap sets (standard bottom row).
