Aprašymas

The **Hikvision DS-KAD7060EY** is a state-of-the-art **2-wire HD Distributor** designed to enhance your security system's efficiency and reliability. With its innovative design featuring **8 interface indicators** that provide real-time device status updates, users can easily monitor the performance of their system. Additionally, the unit includes a convenient **Reset button** for quick troubleshooting, ensuring minimal downtime.

This model supports **DIN rail installation**, making it an ideal choice for various setups and environments. The **DS-KAD7060EY** allows for cascading connections, enabling seamless integration with the **DS-KAD7060EY-S** for enhanced network communication across multiple buildings. Furthermore, it supports access to door stations and indoor stations, facilitating the simultaneous transmission of power and network signals over just **2 wires**, which significantly simplifies installation and reduces wiring costs.

Manufactured by **Hikvision**, a leader in video surveillance technology, the **DS-KAD7060EY** exemplifies reliability and advanced engineering. This product is part of a robust line of security solutions, ensuring that users benefit from cutting-edge technology and superior performance in their security systems.
