Aprašymas

The iStorage datAshur PRO USB 3.0 flash drive's advanced security features deliver complete data security and guarantees maximum protection of your data at all times. The design of the flash drive includes a rugged extruded aluminium sleeve that is dust and water resistant to IP57 rating and crush resistant, protecting the drive from physical damage whilst keeping your data ultra-secure. Built-in the drive is a rechargeable battery allowing the user to enter a 7-15 digit PIN via the on-board keypad before connecting the device to a USB port. All data transferred to the drive is encrypted in real-time with military grade AES-XTS 256-bit hardware encryption.

Use it straight out of the box. The datAshur PRO does not require any drivers or software to be installed. It delivers drag and drop encryption, plug and play simplicity and can be used with any software or operating system.
