Aprašymas

The nylon cable ties are very easy to attach by hand and due to their locking teeth they have an enormous grip. They are highly resistant to sea water, oil, grease, etc. since they consist of polyamide 6.6 a robust and abrasion-resistant plastic.

Indication: For storage, we recommend to keep the cable ties in a closed bag. In addition, we advise not to expose the cable ties to direct sunlight or direct heat from radiators to protect them from drying out.
