## Aprašymas

The Qoltec barcode scanner combines robust performance with a user-friendly design, making it suitable for various stationary applications. It supports multiple barcode formats including QR code, UPC-A, EAN-13, and Data Matrix, ensuring versatility in scanning options. With a maximum working distance of 40 cm and a scan speed of 2000 scans per second, this scanner provides efficiency and convenience in busy workspaces. Designed for durability, the housing is made from a blend of ABS, PC, TPU, and PMMA, offering drop protection against impacts from heights up to 1.2 m. This scanner operates reliably under various environmental conditions, maintaining performance in temperatures from 0°C to 50°C and humidity levels between 10% and 85%. The integrated USB cable with a length of 1.6 m simplifies setup and connectivity, allowing for easy integration into existing systems.

## Techninė specifikacija

### Matmenys ir svoris

|                      |                             |
|----------------------|-----------------------------|
| Matmenys (I × P × A) | 11,00cm × 11,00cm × 16,00cm |
| Svoris               | 0,51kg                      |
