Pagrindinės savybės

- ✓ Countertop Grill microwave 20 L 800 W Black
- ✓ Grill Infrared grill 1000 W
- ✓ Rotisserie Defrost function Reheat function
- ✓ Turntable 25.5 cm
- ✓ Rotary
- ✓ Number of power levels: 5

Aprašymas

FAST AND SAFE

Defrost function

A microwave oven defrosts by using bursts of low heat. In between the burst of heat, the warm portions of the food transfers heat to the colder parts, allowing more even thawing. Special Speed Defrost preset evenly and quickly defrosts any deep-frozen item. Always cook defrosted food immediately.

360° rotating plate

Without any cold spots, the food is cooked or reheated to perfection. Constant rotation of the turntable enables the microwaves to efficiently and evenly heat the food you are preparing. Turntable is also key to optimal defrosting.

Five power levels

Setting the power level to 100%, 70%, 50%, 30% or 10% allow you to adjust the cooking to your specific needs. High power is great if you want to heat something as quickly as possible, if you are boiling water or cooking non-creamy soups. Medium settings allow you to steam or fry food, while low settings are suitable for cooking creamy soups and can act as dehydrator.

Automatic cleaning without detergents

Oven interior can be cleaned by filling a high-temperature-resistant glass or clay cup with tap water, placing it in the oven, and activating the AutoClean program. The resulting steam will soften any dirt on the oven walls. At the end of the program, simply clean the oven with a damp cloth.

Great addition to a microwave

This Gorenje microwave oven features grill which is perfect for browning and crisping food to amplify flavour, visual appeal, and texture. You can cook everything from toast and grilled cheese sandwiches to steaks, burgers, chicken, and veggies. Enjoy a flavour packed crust on your favourite grilled meals!

Microwaves teams up with grill

Combine the advantages of microwaves and grill to experience entirely new dimensions of cooking. You will be impressed by faster cooking of smaller chunks of meat, pizzas, and other dishes that have to be cooked and crisped to perfection.

Techninė specifikacija

Features	
Product type	Grill microwave
Appliance placement	Countertop
Interior capacity	20 L
Product colour	Black
Microwave power	800 W
Control type	Rotary
Built-in display	No

Delayed start timer	No
Grill power	1000 W
Grill type	Infrared grill
Number of power levels	5
Door open type	Button
Door hinge	Left
Turntable	Yes
Turntable size	25.5 cm
Timer	Yes
