- ✓ Fits all hair dryers with diameters between 4.5 cm and 5.7 cm
- ✓ Internal cone in silicone, compatible with all types of hair dryer

Aprašymas

This is a universal diffuser with silicone connection to fit any hair dryer so that you can create splendid curls or glamorous ringlets.

Maximum volume for your hair with the Universal Super Diffuser from Gama, the only diffuser with internal cone in silicone to fit perfectly to your hair dryer! Always considered one of the tools that every hair salon has to have, the diffuser continues to be an essential appliance for those wanting to create fashion styles, in the salon or at home. Its basic characteristic, which should never be forgotten, is the fact that it is universal, meaning that it can be adapted to suit all hair dryers, professional or otherwise. The Universal Super Diffuser from Gama is the model to meet this need, thanks to its inner cone in silicone, which allows it to adhere perfectly to the body of the hair dryer, which means no air leaks. Its sleek design makes it easy to grip and use. Thanks to the Universal Super Diffuser, it will be possible to easily create styles with volume, and to dry curls using indirect heat, so as to define them instead of flattening them. A handy tip: when fitting the diffuser on the dryer, make sure to use it at medium speed. This is more than enough to create the required style and prevent the hair dryer from becoming damaged by an overdose of air.

Techninė specifikacija

Features	
Product type	Diffuser nozzle
Brand compatibility	GA.MA
Product colour	Black
Warranty period	2 year(s)

Weight & dimensions	
Width	150 mm
Depth	150 mm
Height	180 mm
Weight	302 g
Packaging data	
Package width	155 mm
Package depth	155 mm
Package height	175 mm
Package weight	420 g
Matmenys ir svoris	
Matmenys (l × p × a)	19,00cm × 16,00cm × 16,00cm
Svoris	0,45kg
