Aprašymas

EasyClick

Conveniently switch accessories with one press of the large button.

ComfortClick system for accessories

Due to the clever design, the hand mixer intuitively fastens all attachments to the front, allowing the same comfortable hand position to be maintained for mixing, blending and resting no matter which attachment is used. Since it stands stably with any attachment, your work area stays clean, so you can quickly move on to the next step without interruptions.

Flexi cord outlet

While resting your hand mixer or in use, the cord conveniently stays away from your hand.

SmartMix technology

By placing the motor directly over the attachments, the weight is directed into the bowl, not in your hand - for up to 40% less effort while mixing.

Variable speeds

Adjust the speed dial from low to turbo with a flick of the thumb for better control and efficiency in preparing food.

Soft grip

Non-slip handle ensures a steady, cushy and secure grip even at the highest speed.
