Aprašymas

The reliable HP OneShred 10MC shreds up to 10 A4 sheets at a time to 2 mm x 15 mm clippings in micro-cut mode and has the high security level P-5. This modern document shredder thus fulfils all requirements for the data protection-compliant destruction of personal data, such as patient files and process documents, and is therefore also suitable for use in doctors' surgeries or law firms. With an operating noise level of 65 decibels, the white paper shredder operates relatively quietly and, in addition to your documents and credit cards, also destroys paper clips and staples to dispense with their tedious removal before shredding.
