Elegant stylish, more ergonomic cooking**Metallic Edge**

Give your kitchen a modern look that fits harmoniously with contemporary kitchen interiors. The microwave oven's Dual Dials have a metallic edge, so they look elegantly neat and stylish. And they have a soft feeling when you grip them, which makes them a real pleasure to both look at and use.

Intuitively control cooking power & time**Dual Dial**

Control your cooking much more quickly and intuitively. With a simple twist, the Dual Dials let you select the best power setting from 5 levels and set the cooking time for up to 35 minutes. So you can utilize a wide range of cooking options and prepare different dishes with greater precision.

See in every corner with brighter light**LED Lighting**

Monitor your cooking much more easily. LED Lighting* brightly illuminates inside the oven, so you can quickly check food without opening the door. It also generates a softer light with no flickering, which reduces eye strain. And its power-efficient and long-lasting performance saves you money.
