Aprašymas

Series X XT3100 Wet & Dry all in one tool with 3 attachments, black

Easy, fast and comfortable - thanks to the 4D-Blade

The innovative 4D-Blade has two central shaving zones and two side trimmers. The SkinGuard comb protects skin from the blade – for a comfortable shave that's close enough to look great while staying gentle on skin.

Quickly get an even trim

Trim both up and down thanks to the useful two-way comb. This easy movement means you can trim quickly and in the way that best suits you.

Shape easily, but with precision

Add precision to your styling routine thanks to the 4D-Blade and anti-slip, rubberized handle. Makes shaping precise and controlled—giving you confidence at any skill level.

Easy, fast and comfortable in every stroke

No matter your level of skill, enjoy a comfortable shave that's not too close. This is thanks to the fully-activated 4D-Blade that consists of four powerful cutting elements—making 450 movements per second.

Precise even in tricky areas

Braun Series X's slim design increases visibility in hard-to-reach areas, so you can achieve your style easily and precisely.

6-month durability

The durable 4D-Blade is built to last. It's made from 100% stainless steel and consistently cuts for up to 6 months¹.

Control in tricky areas

Get quick and precise results with the pivoting Flex head, which adapts to your facial contours—particularly useful in tricky areas. Shave intuitively: up, down, back or forwards.

Fully waterproof

Your Series X can be used with foam or gel, at the sink or in the shower. Easily clean it under running water according to your own hygiene standards.

Choose your preferred length

Easily get your desired length with the click-on combs—available in the lengths of 1, 2 and 3 mm.

¹Based on two face shaves per week, actual results may vary
