Pagrindinės savybės

- ✓ Film roll length 42.3m for laminating up to 130x A4 sheets.
- ✓ Easily laminate signs, schedules, teaching & training aids, banners and more.
- ✓ Protect and preserve your documents with a high gloss finish to keep colours bright and bold.
- ✓ The cold film protects your heat-sensitive documents whilst retaining flexibility.
- ✓ Cold lamination also helps to conserve power as it requires less electricity due to no heat requirement.

Aprašymas

Cold lamination is an excellent choice for protecting heat-sensitive documents without the risk of damage. These easy-to-load roll films can laminate up to 130 x A4 sheets, making them particularly well-suited for materials such as thermal paper, certain types of photographic prints, and documents produced with inkjet printers, where heat can cause inks to smudge or run. Designed for convenience, cold lamination delivers a high-quality gloss finish that enhances clarity and color. By using pressure instead of heat, cold lamination ensures a clean, professional result while preserving the integrity of delicate prints and sensitive media.

Techninė specifikacija

Features

Format	A4
Product colour	Transparent
Finish type	Gloss
Surface finish	Glossy
Weight & dimensions	
Dimensions (WxDxH)	140 x 265 x 75 mm
Roll length	42.3 m
Weight	1.45 kg
