Pagrindinės savybės

- ✓ Display Pocket Silver
- ✓ 8 digits LCD
- ✓ Battery/Solar LR1130

Aprašymas

The LS-270L handheld calculator was designed to fit your everyday calculating needs. With a large 8-digit liquid crystal display, dual power source and advanced calculating functions. The LS-270L's large 8-digit liquid crystal display provides large calculator display size on a handheld unit. The large, displayed numbers provide quicker viewing of entries and results to increase productivity while reducing errors.

The LS-270L includes a variety of everyday business and professional functions that enable you to cut through the toughest calculating problems. Business calculations like percentages add-on/ discount, raising to powers, square root, and tax calculations, as well as chain multiplication and division come in handy. The built-in memory also lets you add and subtract calculations from a running total stored in the memory.
