Aprašymas

USB-C Charging Cabinet on Wheels, 65W per Port, for Schools and Hospitality without the Need for AC Adapters or Wall Chargers

Charging, storing, and protecting portable devices is easy with the reliable Manhattan 30-Port USB-C Charging Cart - 1920 W. It's the ideal solution for laptops, tablets, and other devices up to 16 inch in schools, restaurants, gyms, doctor's offices, universities, hotels, offices, and more, so you can efficiently assist your students, guests, patients, customers, and patrons.

Fast, Powerful USB-C PD Charging with 65 W and Maximum Device Safety

Each of the 30 USB-C Power Delivery ports delivers up to 65 watts of fast, intelligent charging - no bulky power adapters or wall chargers needed. With a total power of 1,920 watts, the cart ensures that every device receives optimal energy for quick, efficient charging. A built-in fan and ventilation slots dissipate heat and keep all devices cool.

Lockable with Key or Pin Code

The sturdy, durable steel housing offers a visible sign of professional device management and protection. The security lock can be opened with a four-digit combination or the two included keys. A durable aluminum frame provides a lightweight, corrosion-resistant, and thermally efficient structure. Heavy-duty casters let you roll the cart where you need it; wheel locks let you quickly secure it in place.

Organized and Versatile - with USB-C Charging Cables Included

Keep your devices organized in the bay slots that offer plenty of space (400 x 34 x 275 mm each), even for bulky cases. The built-in cable-management clips on the bay dividers let you structure your charging cables for better organization and a cleaner look. A plastic pad on each shelf prevents slipping and protects your sensitive devices from scratches. The included power cable is removable for better storage. Status LEDs on each shelf provide a clear overview of charging progress for all connected devices - red indicates active charging, while green shows when devices are fully charged. USB-C charging cables (30 pcs) come included with the product so you are set with everything you need.
