Pagrindinės savybės

- ✓ 50% less time consuming
- ✓ Super Ceramic Soleplate
- ✓ DoubleSteam technology
- ✓ Thermostat Knob
- ✓ Vertical steaming

Aprašymas

The new CareStyle 1 delivers fast and easy ironing results compared to a traditional steam iron. The new SuperCeramic coating delivers smooth gliding and is 60 %* more durable than the previous Braun Ceramic soleplate. Moreover, with a simple turn of the precision thermostat knob you can take advantage of four adjustable settings. To top it all off, the large 1.5 litre water tank gives you more than 1 hour of uninterrupted ironing to achieve great results with less hassle.

DoubleSteam Technology

Produces more than twice as much steam as normal steam irons, which helps cut your ironing time in half. Steam rate is 100% higher so you only have to go over a spot once instead of twice.* Internal laboratory test, compared to Braun TexStyle 5

FreeGlide 3D Technology

Its unique upward curving soleplate guarantees 360° glideability. Glide backwards over any obstacle like buttons and pockets.

Precision thermostat knob

Take advantage of four precisely adjustable settings plus the Max temperature setting – which gives you an extra steam boost for stubborn wrinkles.
