Aprašymas

The Ray Battler RB 6591 Hot Air Straightening Brush combines heated-brush styling with airflow to dry, detangle and smooth the hair in one convenient tool. The dual-action design helps reduce styling time while allowing the user to work through the hair with the natural movement of a brush. The RB 6591 offers 7 temperature settings for precise styling control: 100°C / 130°C / 150°C / 170°C / 190°C / 210°C / 230°C The combination of heat and airflow helps straighten and smooth the hair while drying, making the appliance suitable for everyday styling and touch-ups. A dedicated cool-air setting allows the user to switch to cooler airflow with one touch to help finish the hairstyle. Built-in ionic technology helps reduce static and frizz, leaving hair smoother and more polished-looking. The brush features wide, curved bristles designed to grip, detangle and guide each section of hair during styling. Integrated airflow outlets distribute air through the brush head while the heated surface supports smoothing. For convenient operation, the RB 6591 is equipped with handle-mounted controls for temperature and airflow adjustment, as well as an LED display for easy temperature monitoring. For added safety and everyday convenience, the appliance includes 60-minute automatic shut-off, overheat protection, a 2 m power cord and a practical heat-resistant storage pouch. Manufacturer: Ray Battler | Temperature Modes: 7 | Rotation mode: No | Cold air flow: Yes | Ionizer: Yes | Round hair brush: No | Brush with retractable bristles: No | Comb for volume increase: No | Curling iron: No | Diffuser: No | Narrow concentrator nozzle: No | Corrugation nozzle: No | Hair straightener: Yes | Cord length (m): 2.0 | Color: Black / Violet | Special notes: overheat protection, 60-minute automatic shut-off; includes a heat-resistant storage pouch
