Aprašymas

World's first FreeGlide 3D Technology. Saving you time and trouble.

Inspired by snowboard design, our upward curving FreeGlide 3D Technology guarantees 360° glideability. Glide backwards over any obstacles, such as buttons, pockets and zippers. Since there is no need to constantly adjust the fabric to avoid new wrinkles, time and effort are saved. Ironing has never been easier, faster or more efficient.

Open handle for more comfort.

The new FreeStyle 3 is equipped with Braun's iconic FreeStyle open handle. This ergonomically designed handle delivers maximum freedom of movement for a pleasant ironing experience.

SuperCeramic soleplate for fast results with less hassle.

Great glideability for easy ironing. The new SuperCeramic coating delivers smoother gliding and uniform heat distribution. In addition, the new soleplate is 60%* more durable than the previous Braun Ceramic soleplate, so you can count on a long product lifetime.

Auto-off.

The FreeStyle 3 automatically switches off after 8 minutes in the vertical position or 30 seconds in the horizontal position for safety and energy savings.

Precision tip.

The triangular shaped precision tip at the front of the iron allows easy removal of the toughest wrinkles from hard to reach areas like collars and seams.

Rapid heat up.

The steam iron is ready to iron the toughest fabrics at maximum temperature setting in just 35 seconds.
