Aprašymas

Life keeps you on your toes, and some days can also take a toll on your feet. The Homedics ModMassage Shiatsu Foot Massager soothes and revitalises tired, aching soles - but with a difference. Unique interchangeable heads give you the freedom to create your own customisable massage experience. Perfect Pressure Fully adaptable with 2 sets of swappable deep-kneading Shiatsu heads, the dual-sided head soothes tired feet with two intensity options, while the wide-area head delivers targeted tension relief in the arches of the feet. Soothing Warmth Enhance your self-care session with built-in warming Shiatsu massage heads. The gentle warmth combined with relaxing Shiatsu massage helps to reinvigorate fatigued feet from heel to toe. Switch and Store When you're ready to switch things up, simply lift the head to remove it. Then snap to fit. With on-board storage for your extra massage heads, and a simple toe-touch button, ModMassage was designed for self-care with simplicity in mind. Customisable deep-kneading Shiatsu foot massage Interchangeable dual-sided Shiatsu head & wide-area Shiatsu head Optional soothing heat for enhanced relaxation On-board massage head storage Simple-to-use toe-touch control Mains powered Step into a customised massage experience with the Homedics ModMassage Shiatsu Foot Massager. Interchangeable deep-kneading Shiatsu heads and optional soothing heat let you create your own relaxation ritual from the comfort of your home. The dual-sided head allows you to flip between larger nodes for a gentle, soothing massage, or smaller nodes for intense, deep relief. The wide-area head delivers targeted tension relief for those tight, overworked arches - because your feet are first to feel the weight of a busy day. Made to be modified, ModMassage heads simply lift off and snap to secure - with extra on-board storage for safekeeping. Massager type: Foot Massager (Shiatsu) | Heating: Yes | Vibration massage: No | Number of massage zones: 1 | Power supply: mains | Dimensions (cm): 9 x 27 | Color: Black
