Aprašymas

Tension doesn't stay in one place – so your massager shouldn't either. The Homedics ModMassage Shiatsu Pillow delivers customisable, full-body relief wherever you need it most – neck, shoulders, back, legs, even feet. It's your own personalised massage ritual, at home or on the go. Your Massage, Your Way Fully adaptable with 2 swappable sets of deep-kneading Shiatsu heads, the dual-sided head lets you flip between larger nodes for a gentle massage or smaller nodes for intense, deep relief. And for those hard-to-reach, tense areas, the wide-area head delivers targeted muscle tension relief right where you need it. Hot & Cold Therapy Go beyond massage with the removable hot and cold gel pack – use it warm for soothing heat therapy, or cold for post-activity recovery. And for a little extra comfort during your massage, the optional warmth setting is there when you need it. Made to be Modified Ready to switch things up? Swap the heads to adjust pressure and intensity – lift the head to remove it, then snap to fit. Cordless and USB-C rechargeable, this massage pillow goes where you go – the sofa, the office chair, the long journey. Full-body relief on your terms. Customisable deep-kneading Shiatsu massage Interchangeable dual-sided Shiatsu head & wide-area Shiatsu head Optional soothing warmth setting for enhanced relaxation Simple-to-use control panel Removable gel pack for hot or cold therapy Cordless & USB-C rechargeable The Homedics ModMassage Shiatsu Pillow puts full-body relief in your hands – wherever you need it most. Interchangeable heads let you personalise every session: the dual-sided head gives you the choice of larger nodes for a gentle, soothing massage or smaller nodes for something more intense. Stubborn, hard-to-reach tension? The wide-area head has it covered. Dial up the warmth for deeper relaxation, or use the removable gel pack for hot or cold therapy – ideal after a workout or a long day. Cordless and USB-C rechargeable, ModMassage is real relief completely on your terms.
