Aprašymas

Are you an aspiring DJ who wants to start spinning on vinyl? The Hercules DJControl Inpulse T7 is the perfect motorized DJ controller to help you take your first steps towards mastering the art of vinyl turntables!

This modern take on a classic tool combines the genuine feeling of real vinyl discs with the benefits of digital technology. With 2 motorized platters for 7" discs that go from 0 to 33⅓ RPM in just a tenth of a second, you can practice DJing on vinyl and experience the authentic feeling of real turntables. The separate vinyl record, slipmat, and platter even allow you to remove the vinyl record, giving you full control of your performance.

The DJControl Inpulse T7 also comes with Serato DJ Lite and DJUCED software, making it the perfect package for aspiring DJs who want to start spinning on vinyl. With its authentic turntable materials and performance-ready features, this DJ controller is the perfect tool for anyone who wants to take their first steps towards mastering the art of vinyl turntables.

The controller has been honored with Magnetic Mag's Editors Choice Award 2023, recognized as the best new DJ turntables of the year. This prestigious award highlights the publication's top picks in production, audio, and DJ gear categories.
