Aprašymas

Dreame Glory Master

Reveal Your Exquisite Glory and Beauty

Lightweight and comfortable

A dynamic duo of a 355g lightweight build, and a compact 82mm main cylinder, prevents arm fatigue, and makes blow drying your hair a breeze.

Efficient residue-blocking filter

The next-generation air-intake filter designed for salon environments, is not only washable but also replaceable, ensuring effective filtration and protection for the hair dryer's longevity.

Powerful quick drying

Effortlessly dry your hair in no time with powerful airflow. A 110,000RPM motor

generates high airspeed and large air volume, for faster drying. It separates wet hair to reach the roots and removes moisture from the scalp, drying shoulder-

length hair in as little as 2 minutes.

Specially designed for exceptional performance

An NTC thermistor and a sophisticated microprocessor work in tandem to continuously monitor the temperature, performing 300 checks per second* when in 57°C mode.

1,600-hr lifespan

The latest Hair Glory Master version boasts an extended lifespan of 1,600*hrs, thanks to its upgraded motor quality and fan blades, ensuring dependable durability—a jaw-dropping 3.2 times** more than that of its predecessor.
