You can choose from the 7 browning levels selectable from the knob and, once ready, you can take out the toasted slices of bread thanks to the stainless steel pliers. If you want to stop the operation immediately, you can use the Stop button and your toasts will come out immediately without waiting for self-ejection. Breakfast Line Toaster is practical, safe and easy to clean: it has cold anti-hot walls for maximum safety during use and a removable crumb tray for quick and easy cleaning.
