- ✓ Maximum bread weight: 1.6 kg
- ✓ 850 W
- ✓ LCD Built-in display
- ✓ Viewing window Delayed start timer Jam making function Timer Variable crust browning control
- ✓ Number of auto cooking programs: 16
- ✓ Bread & dough making programs Keep warm function
- ✓ Grey

Aprašymas

For your morning treats

Instead of the annoying buzz of the alarm clock, why not wake up to the scent of freshly baked bread? Owing to the delayed start function that allows settings of up to 13 hours, you can do this without even getting out of bed. Just add the ingredients into the bread machine, select the right program, and time the program completion to coincide with your morning ritual.

No less pleasure

Gorenje has thought about those who eat gluten-free bread. Because of the specifics of gluten-free flour that increases the time of rising and baking, the appliance features a "gluten free" program. To prepare this type of bread in a conventional bread maker, you do not need extra manual mixing. Baking time, compared with classical flour, is longer.

Range of loaf sizes up to 1600 g

Baking bread for the whole family is easy, when you can choose loaf size up to 1600 g. Always crisp on the outside and tender inside.

Light, medium or dark?

Get well-browned or thin crispy crust everytime with this preset function.

Up to 60 min

Enjoy warm bread even when baking is already done.

16 preset programs

Choose whole wheat, french, white or one of other specially developed programs.

15 h delay timer

Insert ingredients, set baking start and enjoy fresh bread at any time you desire.

Techninė specifikacija

Features
