Aprašymas

Automatic: With the push of a button, the cone rises and presses the fruit against the top, extracting the juice automatically and without the need to use your hands, in just 15 seconds. Powerful and efficient: 300W motor for quick and optimal juice extraction. Practical in your day-to-day life: easy to handle, clean and store. Robust and elegant: Elegant design, with stainless steel body and filter, resistant and durable. Anti-drip system: Special cap that prevents spills and splashes to keep your countertop and kitchen clean. Easy to Clean: All parts are removable and easily washable. Safe and Stable: Non-slip base and operating indicator light for added safety. BPA-free Manufacturer: Jata | Power (W): 300 | Pulp sieve: Yes | Anti drip function: Yes | Body material: Stainless steel | Special notes: Automatic operation (cone rises and presses fruit automatically in 15 seconds) | Color: Stainless steel / Black
