Aprašymas

The ProLite T1731SAW-1 uses highly accurate Surface Acoustic Wave Touch Technology (SAW) with a pure-glass scratch resistive front, offering superior image clarity and screen durability. The screen can be touched with a soft stylus, finger or gloved hand making it suitable for a number of applications, and the robust design and solid but flexible stand ensures resilience in the most demanding environment. Menu Buttons are located on the side of the screen which can be locked to prevent tampering, and include a handy function to deactivate the Touch Screen for cleaning . The iiyama ProLite T1731SAW-1 Touch Screen is ideal for a wide range of applications including Point of Sale, Kiosks, Hospitality and Entertainment, Control rooms, Education, Training and many others.

Touch technology - SURFACE ACOUSTIC WAVE

Surface acoustic wave uses ultrasonic waves that pass over the panel. When the panel is touched, a portion of the wave is absorbed and a touch event is registered. Because the screen is covered with a glass layer this technology offers great picture performance (high contrast and colour accuracy). It is also scratch-resistant technology and therefore ideal for use in Public Places or Schools. Even if the screen is scratched, the touch function remains unaffected. Surface Acoustic Touch screens are activated with finger or a soft stylus touch.

IP54

The IP Code classifies how resistant a device is to foreign objects and moisture. IP54 means that the monitor will operate in dusty conditions, and will resist splashing water.

RS-232 and USB connectivity

For greater flexibility this monitor supports touchscreen connectivity with either USB or RS-232 interfaces.

Techninė specifikacija

Display	
Display diagonal	43.2 cm (17")
Display resolution	1280 x 1024 pixels
Touchscreen	Yes
Display brightness	230 cd/m ²
Touchscreen type	Tabletop
Pixel pitch	0.264 x 0.264 mm
Contrast ratio (typical)	1000:1
Response time	5 ms
Viewing angle, horizontal	170°
Viewing angle, vertical	160°
Native aspect ratio	5:4
Features	
Product colour	Black
Mac operating systems supported	Yes
Matmenys ir svoris	
Svoris	9,00kg
