Aprašymas

High-Fidelity Flight Computer Experience

Experience complete immersion with real-time synchronization between the simulator and the panel's displays, indicators, and lighting. Engineered to mirror real-world cockpit workflows with absolute precision.

5.1" High-Resolution IPS Display

Featuring a sharp 5.1" IPS display that ensures razor-sharp text clarity and intricate visual detail. The interface is fully customizable, allowing users to tailor font styles to match specific aircraft profiles or personal preferences.

Premium Die-Cast Metal Front Panel

Features a die-cast aluminum front housing with refined surface finishing for a substantially premium feel.

Heavy-Actuation Professional Key Switches

Featuring a high-force dome switch design paired with rigid, high-hardness silicone keycaps, this interface delivers a firm, ultra-tactile response with every input. Engineered for stability, the keys minimize wobble and accidental actuations, ensuring a professional, authentic cockpit experience.

Fully Adjustable Backlighting System

Take full control of your cockpit atmosphere with independently adjustable screen brightness, character illumination, and status lighting. Seamlessly integrates with MOZA Cockpit telemetry to provide real-time, synchronized lighting across your entire setup.

Expanded Utility Functions

Equipped with a built-in checklist and three dedicated whiteboard pages, this device transforms your cockpit setup. It is engineered not just as a simulator peripheral, but as a practical, real-world workflow tool for serious flight operations.

Seamless Software Integration

Powered by MOZA Cockpit, the MA3F Flight Computer Display seamlessly connects with flight simulator telemetry, enabling effortless setup without complex configuration. Simply plug in, launch your simulator, and enjoy an intuitive, streamlined flight experience.

Broad Aircraft & Simulator Compatibility

At launch, the MA3F FCD supports Microsoft Flight Simulator and X-Plane Airbus aircraft including the A320/A330 family, and other popular Airbus add-ons, such as Fenix A320, Toliss aircraft, FlightFactor A320. MB7F FCD launch support includes PMDG and other leading Boeing 737 add-ons.

- Microsoft Flight Simulator 2020 / 2024 X-Plane 11 / 12
- Fenix A320 / A321 / A319 Toliss A320 / A321 / A319
- FlyByWire A32X FlightFactor A320 Ultimate

Techninė specifikacija

Features	
Product type	Flight computer
Material	Polycarbonate (PC), Acrylonitrile butadiene styrene (ABS)
Display diagonal	12.9 cm (5.1")
Compatible products	Airbus A320/A330 family, Fenix A320, Toliss aircraft, FlightFactor A320, PMDG Boeing 737
Compatible games	Microsoft Flight Simulator 2020 / 2024, X-Plane 11 / 12
Weight & dimensions	
Width	145.5 mm
Depth	29.6 mm
Height	277.9 mm
Weight	588 g
Packaging content	
Cables included	USB Type-C
Packaging content	USB Type-C Cable (1.5 m), Desktop Stand
Power	
Input voltage	5 V

Input current 0.9 A

Ports & interfaces

Input connection type Type-C USB 2.0
