Pagrindinės savybės

- ✓ Sophisticated, 2-in-1 loudspeaker design: one large music box that can be used on its own or split into two smaller speakers, which can be connected as desired via True Wireless Stereo. Dust and waterproof, floating Bluetooth loudspeaker set for unadulterated music enjoyment anywhere and any time via a mobile phone, tablet or laptop, either at home in the living room, in the shower or outdoors by the lake
- ✓ Separable Bluetooth box as a wireless loudspeaker set: connect the 2 small music boxes via True Wireless Stereo (TWS) Bluetooth and enjoy films, series and gaming even more
- ✓ Use the portable boxes anywhere around the home - with no cable spaghetti to worry about
- ✓ Indoor and outdoor speaker: simply take along the mobile music boxes for mobile phones on trips to the forest and lake - the waterproof loudspeakers are dustproof and immersible (max. 30 min and 1 m depth)
- ✓ Convenient operation: high-quality control elements for rapid control of next / previous track, Play / Pause
- ✓ Great sounds in a compact format: the Bluetooth loudspeaker set fits in the case and is easy to transport, ideal too for use as an outdoor speaker
- ✓ Built-in microphone for maximum flexibility, e.g. as a desktop loudspeaker for the PC, online meetings and video calls
- ✓ Universal in use thanks to Bluetooth 5.4: simply connect the loudspeaker to compatible devices, from laptops and TVs to mobile phones
- ✓ USB-C cable for rapid charging is included
- ✓ Versatile hanging tab: ultra-flexible hanging tab as a sleeve for storage and ideal as a loudspeaker handle

Aprašymas

1 becomes 2: this portable Bluetooth speaker is divisible, floats and rocks every party with stereo sound! The choice is yours: compact boombox or 2 small music boxes - if the "Twin 4.0" is split, you can even listen to music separately. Full flexibility - indoor and outdoor!

30 Watts of music power (stereo or mono)

Rich 30 Watts of music power, just the way you want it: flexibly position as a Bluetooth loudspeaker set with 2 x 15 Watt and create the perfect sound from two directions

2 music boxes in one set

Divisible loudspeaker set: the compact speaker can be split into two identical sound boxes, either for synchronous stereo sound or for separate use in different ears - 2 people can then listen to music independently of each other

Protected from dust and water to IP67

Dust and waterproof loudspeaker for every occasion: all-round protection from dust, splash and jet water to IP67, ensuring sandy beaches or flour, rain showers and even a brief accidental dip in the water at a pool party are no longer a problem

Floating loudspeaker

Enjoy your favourite tunes by the lake, pool or even in the bath - the loudspeaker can float, ensuring great music wherever you are

3 equaliser modes

Music box with bass at the press of a button: Equaliser with three different sound effects for additional bass, accentuated trebles or balanced sound, switch easily with a button

Option for True Wireless stereo

Pair the loudspeaker as a set thanks to True Wireless Stereo (TWS): connect two loudspeakers via Bluetooth and position them anywhere in the room for true stereo sound

Battery for full mobility

Full mobility thanks to battery operation with LED charging indicator: fast charging within 3 hours with USB-C interface

12 hours of music enjoyment

Enjoy your favourite songs for a long time: the loudspeaker can be used via Bluetooth for up to 12 hours

Integrated hands-free phone set
With the integrated hands-free system, making phone calls in HD quality is very easy

Anti-slip rubber feet

For a secure grip: the non-slip rubber feet on the underside of the 2 halves of the loudspeaker ensure a secure grip without sliding around on any surface, even at full volume

Plastic-free

Packaging with a clear conscience: our packaging is 100% plastic-free, enabling us to reduce plastic waste and increase its recyclability

FSC

FSC-certified: the paper and cardboard used in our packaging comes from sustainable forest management - enabling us to take a resources-sparing approach to the raw material of wood

Techninė specifikacija
