Aprašymas

The MOZA Flight Base Table Clamp is engineered for both stability and versatility, making it an essential addition to your flight simulation setup. Crafted from high-strength steel with a 5mm thick plate, it guarantees a secure and wobble-free experience. The adjustable C-clamp allows for flexible mounting options—whether on top of your desk or suspended underneath—fitting desktops up to 70mm thick. Designed specifically to support the AB9 FFB Base, this clamp adapts to your unique setup, providing reliable performance in a space-saving design.

User Friendly Design

Sturdy, simple to use, and space-saving.

Versatile Mounting

The C-clamp is adjustable, allowing the base to be securely attached either on top of the desk or suspended underneath, adapting to different setups.

5mm Steel Plate

Constructed with a 5mm thick steel plate for rock-solid stability, ensuring the base stays firmly in place without wobbling.

Fits Up to 70mm Desktops

It can be securely mounted to desktops with a maximum thickness of 70mm.

Techninė specifikacija

Features	
Product type	Flight base table clamp
