Aprašymas

Three devices, one keyboard, one mouse - multi-device is the name of the game: whether PC, tablet or smartphone, all three devices can be operated with just one wireless keyboard and mouse set. It becomes even more efficient by activating the Assist button.

Multi-device set with 3 channels

Ready to go anywhere: the multi-device keyboard with mouse has 1 radio and 2 Bluetooth channels and can therefore be connected to up to 3 devices simultaneously, switching between them with lightning-fast speed at the press of a button

Quiet keyboard with scissor mechanism

Long-lasting and sturdy scissor keys: ideal for intuitive, fluid and quiet typing even at very high input speeds

AI assistant for many programs

More productive with artificial intelligence: Assist button activates the cross-program AI assistant

Control multimedia functions via F keys

Activate with Fn: control multimedia functions via the secondary assignment of F keys - without having to use the tedious route of system settings

Fn lock function

Enable and disable the FN lock easily: swap the primary and secondary assignment of the F1 to F12 keys - so you can use the multi-media functions directly via the F-keys, for example, without having to keep the Fn button pressed too

> 20% from demonstrably recycled sources

And so the circle closes: this product is made up of at least 20% recycled materials, enabling us to take part in an eco-friendly cycle

Wireless keyboard / mouse set with batteries

Simply swap: the cordless keyboard with mouse is battery-operated and neither needs to be charged up in between - ideal for mobile working without the tiresome need to connect and disconnect cables

Concave key caps

For a pleasant typing feeling: the keys on the PC keyboard are concave in shape, allowing the fingertips to sit comfortably on them and move them effortlessly while typing

USB receiver can be stowed

A place of its own: the stowable USB receiver can be transported in a space-saving manner inside the keyboard or mouse housing

Whisper-quiet buttons

Quiet mouse, no clicking noises: whisper-quiet buttons ensure undisturbed and relaxed working with the wireless mouse

Browser buttons

Handy side buttons: the browser buttons on the wireless mouse support the forward/back function for easy navigation, e.g. in web browsers, Outlook, etc.

Techninė specifikacija

Keyboard	
Recommended usage	Home/Office
Connectivity technology	Wireless
Device interface	RF Wireless + Bluetooth
Keyboard key switch	Scissor key switch
Keyboard layout	QWERTZ
Keyboard language	German
