Aprašymas

Open your ears. Hit your stride.
Go for it with the true wireless open-ear buds that always fit perfectly! A soft, comfy hook keeps these buds in place no matter how you love to move—and the open-ear design means you'll hear your world as well as your music.

Open-ear true wireless fit. Hear the world, feel the beat

The open-ear design of these earbuds means there's no need to play around with different-sized ear tips. Instead, comfortable ear hooks loop around your ears, and a rubberised anchor at the end of each hook gently grips under the back of your ear for extra security and a fit that won't fail.

Air conduction. Nothing in your ear canal except music

Music, audiobooks, podcasts, workout playlist—you'll enjoy good sound with decent bass whatever you're listening to! Each earbud sits securely on the curve of your outer ear and precision drivers direct sound into your ear canal without sealing it, so you'll hear your surroundings while you listen.

Get out there. IP55 dust and water resistant

Walk in the woods. Run in the rain. An IP55 rating means these open-ear buds don't mind sweat, moisture or dust—so they'll never give you an excuse to stay on the sofa! If you're getting your move on outside, a running light keeps you visible.

Up to 28 hours of play time. Slimline charging case

You get 7 hours of play time from a full charge, and an extra 21 hours from the case. If you need a quick boost, pop the earbuds back in the case for just 5 minutes to get an extra hour. It takes 2 hours to recharge the earbuds fully, and mono mode lets you use one earbud at a time while the other one charges. The case can be charged via USB-C.

Customisable on-ear touch controls

There are handy on-ear touch controls for music playback, volume and calls. Prefer to use the left or right earbud? You can customise how these controls are set up via the Philips Headphones companion app.

Solid Bluetooth multipoint connection

Advanced Bluetooth connectivity gives you a more stable connection for seamless streaming, and you can connect to two Bluetooth devices (iOS or Android) at the same time. Enjoy that playlist or listen uninterrupted to your favourite podcast without annoying dips in the sound.

Clearer calls on the go. They'll hear you, not the noise

When you're on a call, beamforming mics accurately pick up the sound of your voice while an AI algorithm removes background noise from the world around you. The person you're speaking to will hear you, and not the traffic or the chatter of the people standing next to you!

Philips Headphones app. Your healthy lifestyle companion

Use our companion app to soundtrack more than your workouts! Select Soundscapes to listen to nature sounds or instrumental sound baths—perfect for post-workout cooldowns. Or listen to binaural beats to aid relaxation or focus: you can listen to the beats on their own, mixed with your music or as a background sound in a soundscape.

Bluetooth 5.3 with multipoint connectivity

Charge for 5 minutes, get an extra hour.

Techninė specifikacija

Performance	
Product type	Headset
Wearing style	Ear-hook
Recommended usage	Sports
Headset type	Binaural
Product colour	Black, Red
Control type	Touch
Protection features	Dust resistant, Water resistant
International Protection (IP) code	IP55, IP65
Works with the Google Assistant	Yes
Works with Apple Siri	Yes
Ports & interfaces	
Connectivity technology	True Wireless Stereo (TWS)
Bluetooth	Yes
Bluetooth profiles	A2DP, AAC, AVRCP, HFP, SBC
Bluetooth version	5.3
Headphones	
Ear coupling	Intraaural
Maximum input power	30 mW
Acoustic system	Closed
Headphone frequency	150 - 20000 Hz
Impedance	16 Ω
Headphone sensitivity	91 dB
Driver type	Dynamic
Microphone	
Microphone type	Built-in
Number of microphones	2
Battery	
Battery operated	Yes
Battery type	Built-in battery
Battery technology	Lithium Polymer (LiPo)
Right earpiece battery capacity	58 mAh
Left earpiece battery capacity	58 mAh
