Pagrindinės savybės

- ✓ Extends HDMI & IR Signals up to 50m using a single Cat.6 Cable
- ✓ Supports resolutions up to Full HD 1080p
- ✓ Features a loop-through HDMI® output on the Transmitter for local monitoring
- ✓ Supports power over Cable, only a single power supply is required

Aprašymas

The Lindy 50m Cat.6 HDMI® & IR Extender is a simple to use solution which lets the user extend HDMI® signals up to 50m using a single low cost Cat.6 or above cable (not included).

For added convenience, IR signals (20-60 kHz) can also be extended using the supplied IR receiver and emitter cables.

Supporting resolutions up to 1920x1200@60Hz, Full HD video content can be seen at distances up to 50m, perfect for use in a variety of AV and digital signage applications in a range of settings including residential setups, education, business, retail and healthcare.

This extender features an HDMI® loop-out port on the transmitter for local simultaneous viewing so that a local display can be connected for monitoring or to create an additional viewing zone.

Power over Cable (PoC) functionality enables the extender to operate from a single power supply connected to the transmitter, allowing the receiver to be located where there is limited access to mains power sockets, making it ideal for minimalist, discreet installations.

In addition, the units' slim design with built-in mounting brackets allow it to be installed easily in limited spaces behind flat screen monitors or TVs.

Please Note: The quoted lengths and resolutions are possible with a direct connection between Transmitter and Receiver using good quality Cat.6 or above solid core cable. Using a different cable type, or introducing wall plates, couplers or patch panels will result in a reduction of possible distances.

Techninė specifikacija

Features	
Type	AV transmitter & receiver
Maximum resolution	1920 x 1200 pixels
Cable types supported	Cat5e, Cat6
Maximum transfer distance	50 m
Chipset	GSV100T
Maximum refresh rate	60 Hz
Audio output channels	7.1 channels
Infrared (IR) frequency range	20 - 60 kHz
Supported video modes	1080p
Bandwidth	4.95 Gbit/s
Video compression formats	H.265
HDCP	Yes
Material	Metal
HDCP version	1.4
Product colour	Black
Certification	CE, FCC, RoHS, REACH & California Proposition 65
Ports & interfaces	
Connectivity technology	Wired
RJ-45 input ports	1
RJ-45 output ports	1
HDMI in	1
Number of HDMI outputs	2
Video in	1
Video out	2
Remote (IR) input	1
Remote (IR) output	1

DC-in jack	Yes
Power	
Operating voltage (transmitter)	5 V
Output current	1 A
Operating voltage (receiver)	5 V
Operational conditions	
Operating temperature (T-T)	0 - 40 °C
Storage temperature (T-T)	-20 - 60 °C
Operating relative humidity (H-H)	20 - 90%
Weight & dimensions	
Receiver dimensions (WxDxH)	96 x 20 x 68 mm
Receiver weight	440 g
Transmitter dimensions (WxDxH)	96 x 20 x 68 mm
Transmitter weight	440 g
Packaging data	
Quantity per pack	1 pc(s)
Package width	215 mm
Package depth	135 mm
Package height	75 mm
Package weight	610 g
Package type	Box
Packaging content	
AC adapter included	Yes
Manual	Yes
Technical details	
Special features	PoC (Power over Cable), IR pass-through, Loop Out
Compliance certificates	CE, Federal Communications Commission (FCC), REACH, RoHS
Sustainability compliance	Yes
Matmenys ir svoris	
Svoris	0,61kg
